

MYBUSINESS MANAGE DATACOM

MYBUSINESS START PAGE

When logged in to MyBusiness, you will get to the MyBusiness start page. At the start page you will find MyBusiness modules, this is where you can look at and manage your Telia Services(1).

From here you can directly **search** for what you want to manage, by writing a name or an ID etc, then click on the search icon (2).

The start page is also where you will find **Applications** (3), if you have access. For Datacom it might be WOV Stat, Surf Manager and Surf Blaster. These applications are our existing portals that yet haven't been migrated to MyBusiness. Note that you have an user account for each application before you can access it.

When you want to access an Application, click on it's icon and then log in to the portal.

The screenshot shows the MyBusiness start page. At the top, there is a navigation bar with links for 'Privat', 'Företag', 'Fiber', 'SV', and 'EN'. On the right side of the navigation bar, there are links for 'Webmail', 'Trender & Nyttä', and 'Cookies'. Below the navigation bar, there is a 'Telia' logo and a menu with 'Order', 'Manage', 'Invoices', 'Support', and 'Settings'. A 'Logge ut' button is located in the top right corner. The main content area features a purple header with the text 'HI BJÖRN, WHAT SUBSCRIPTION ARE YOU LOOKING FOR?' and a search bar. Below the search bar, there is a link that says 'Hjälp oss att utveckla vår nya sök, lämna din kommentar i Tyck till'. The main content area is titled 'MANAGE YOUR APPLICATIONS' and contains three application cards: 'SURF MANAGER' (Access to Surf Manager), 'SECURE MANAGER' (SSH Telnet-client with centralized command prompt for maintaining and analyze of router and network), and 'WOV STAT' (WOV Stat-client). Three orange arrows with numbers 1, 2, and 3 point to the Telia logo, the search bar, and the application cards respectively.

MYBUSINESS START PAGE

You can always get to back to the start page at any time by just clicking on the **Telia logo** (1).

Now we will look at the functions for our Datacom Services.

To get to where you can manage your Datacom services, click on **Manage** (2).

The screenshot shows the MyBusiness Start Page. At the top, there is a navigation bar with links for 'Privat', 'Förstag', 'Fiber', 'SV', and 'EN'. On the right side of the navigation bar, there are links for 'Webmail', 'Tender & Nytt', and 'Cookies'. Below the navigation bar is the Telia logo, which is highlighted by an orange arrow labeled '1'. To the right of the logo are links for 'Order', 'Manage', 'Invoices', 'Support', and 'Settings'. The 'Manage' link is highlighted by an orange arrow labeled '2'. Below the navigation bar is a search bar with the text 'WHAT SUBSCRIPTION ARE YOU LOOKING FOR?' and a magnifying glass icon. Below the search bar is a section titled 'MANAGE YOUR APPLICATIONS' which contains three cards: 'SURF MANAGER' (Access to Surf Manager), 'SECURE MANAGER' (SSH Telnet-client with centralized command prompt for maintaining and analyze of router and network), and 'WOV STAT' (WOV Stat-client).

MANAGE

Now you will get to an overview where you can see a list of all our Datacom services (1). We call this the Manage window.

You can see how many **subscriptions** your company has (2), and also the number of ongoing **deliveries** you have (3).

Please note that what you can see in this window depends on your authorization level in MyBusiness.

The screenshot shows the 'DATAKOM' Manage window. At the top, there are summary statistics: 'In total 26' (with callout 2), 'Deliveries 2 planned' (with callout 3), 'Errands 0 Open errands', 'Ask a question Contact customer service', and 'VPN Administration 2 services'. Below this is a search bar and filters. The main part of the window is a table with 26 rows, showing columns for ID / Alias, Product, Service, and Address. Callout 1 points to the table header.

ID / Alias	Product	Service	Address
DNI-58659	Telia DataNet	FOUNDATION	Farsta

**FIND THE INFORMATION
YOU WANT SEE**

COLUMNS

In MyBusiness, there are several ways you can find and see the information you want.

As a start, you have an option to choose columns in list view by clicking on the **+ icon** (1). Then you can add or remove columns.

The screenshot displays the MyBusiness Datacom interface. At the top, there's a header with the 'DATACOM' logo. Below the header, there are several summary cards: 'In total 26' with a 'Meddelandetjänster' button, 'Deliveries 2 planned' with an 'All deliveries >' link, 'Errands 0 Open errands' with an 'Ask a question' link, and 'VPN Administration 2 services' with a 'Notifications' link. A search bar is located below the summary cards. The main content area shows a table with 26 rows. The table has columns for 'ID / Alias', 'Product', 'Service', and 'Address'. A '+ icon' is visible at the end of the 'Address' column header, which is highlighted by an orange arrow with the number '7'. The table contains the following data:

ID / Alias	Product	Service	Address
DNI-58659	Telia DataNet	FOUNDATION	Farsta
TLC-101841	Telia Link Connect	TELIA LINK ACCESS	Klubbhusgatan 13 Jönköping
TLC-102021	L3 SERVICE ENABLER	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
TLC-102023	L3 SERVICE ENABLER	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
DNI-00001 / USA-kontoret	TS DATANET	MULTI	Nakatomi Plaza Los Angeles
FNT-00001	DATANET-LAN	DATANET-LAN-SWITCH	Prefect 42 Los Angeles
FNT-00002	DATANET-LAN	DATANET-LAN-AP	Prefect 42 Los Angeles
DNI-58661	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna
DNI-58931	Telia DataNet	MULTI	

COLUMNS

After you have clicked on the **+** icon, you will see the options of columns you can choose between (1).

Simply check or uncheck the box of the information you want to see in your list view. To reset, click **Reset columns** (2).

If you are a Service Desk Web Customer, you can also choose Cost Centre and Implementation.

Once you have selected the columns you want, click the **x icon** to close the window (3).

Address 

<input checked="" type="checkbox"/> ID / Alias	<input type="checkbox"/> Carrier
<input checked="" type="checkbox"/> Product	<input type="checkbox"/> Service agreement
<input type="checkbox"/> Implementation	<input type="checkbox"/> Amount of connected VPNs

<input type="checkbox"/> Status	<input type="checkbox"/> City

 Reset columns

SEARCH

You can also use the **search** function to find the subscriptions you want to look at (1).

All fields are searchable, for example if you want to look for a certain subscription's ID, alias or country.

The screenshot shows the Datacom interface with a search bar and a table of results. An orange arrow with the number '7' points to the search bar. The table displays columns for ID / Alias, Product, Service, and Address.

ID / Alias	Product	Service	Address
DNI-58659	Telia DataNet	FOUNDATION	Farsta
TLC-101841	Telia Link Connect	TELIA LINK ACCESS	Klubbusgatan 13 Jönköping
TLC-102021	L3 SERVICE ENABLER	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
TLC-102023	L3 SERVICE ENABLER	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
DNI-00001 / USA-kontoret	TS DATANET	MULTI	Nakatomi Plaza Los Angeles
FNT-00001	DATANET-LAN	DATANET-LAN-SWITCH	Prefect 42 Los Angeles
FNT-00002	DATANET-LAN	DATANET-LAN-AP	Prefect 42 Los Angeles
DNI-58661	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna
DNI-58931	Telia DataNet	MULTI	

SEARCH

Let's take a look at this example:
We chose to **search** for Los Angeles (1), which brought up all the subscriptions that are located in Los Angeles (2).

The screenshot shows a search interface with a search bar containing 'Los Angeles'. Below the search bar, there are three rows of results in a table. The table has columns for ID / Alias, Product, Service, and Address. The results are:

ID / Alias	Product	Service	Address
● DNI-00001 / USA-kontoret	TS DATANET	MULTI	Nakatomi Plaza Los Angeles
● FNT-00001	DATANET-LAN	DATANET-LAN-SWITCH	Prefect 42 Los Angeles
● FNT-00002	DATANET-LAN	DATANET-LAN-AP	Prefect 42 Los Angeles

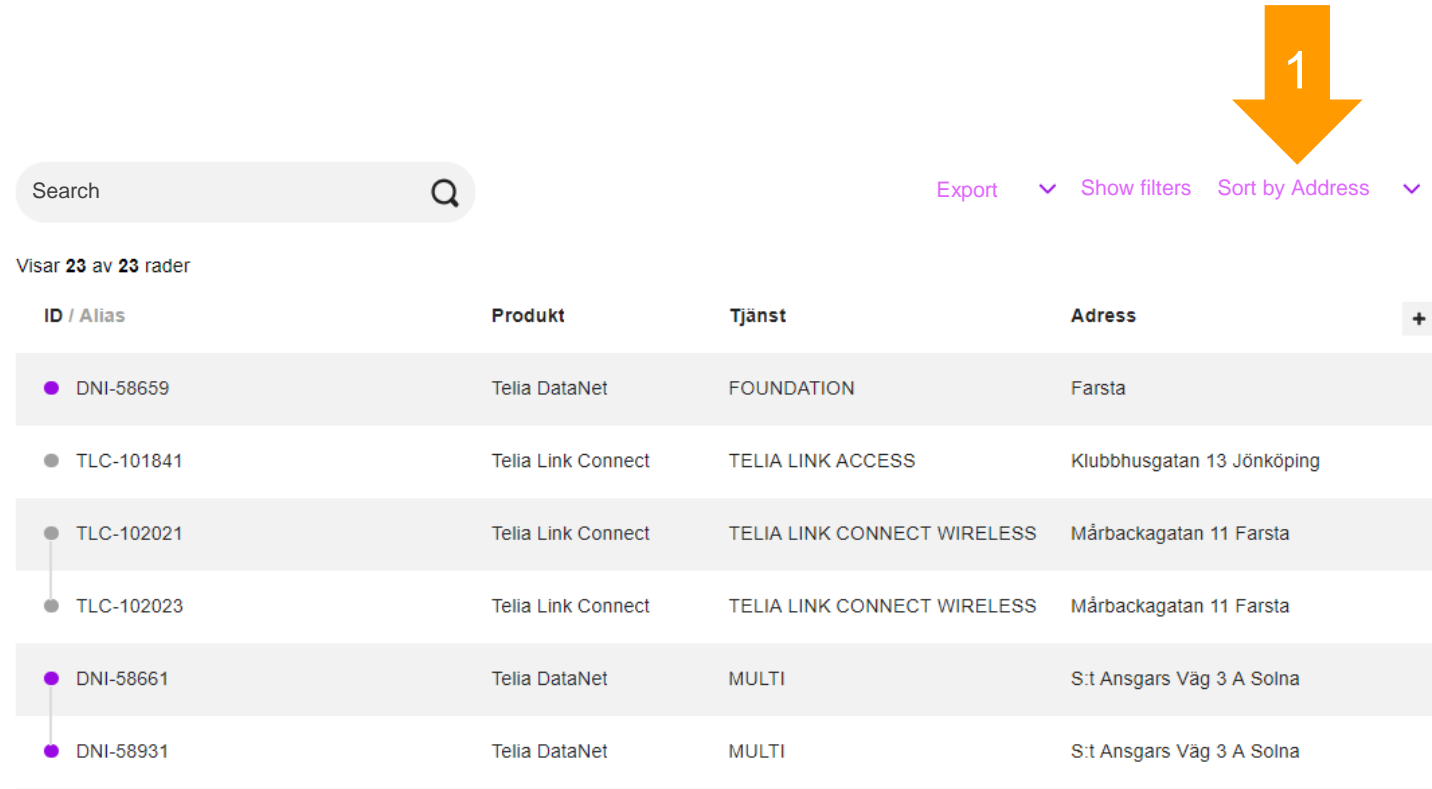

Additional UI elements include: 'Filtrerat 3 av 26 rader' above the table, 'Export', 'Visa filter', and 'Sortera efter Address' at the top right, and 'Antal per sida 10' at the bottom left.

SORT

If you rather would like to sort the information, click on **Sort** and select the way you want it sorted (1).

You can select between all visible columns. This also means that if you have chosen to add more columns into your view, you can select and sort by them as well.

The screenshot shows a data management interface. At the top right, there is a large orange arrow pointing down with the number '1' inside it, indicating the first step in a process. Below this, there is a search bar on the left and a menu on the right with options: 'Export', 'Show filters', and 'Sort by Address'. The table below shows 23 rows of data, with the first row highlighted. The columns are 'ID / Alias', 'Produkt', 'Tjänst', and 'Adress'. The data is sorted by 'Adress'.

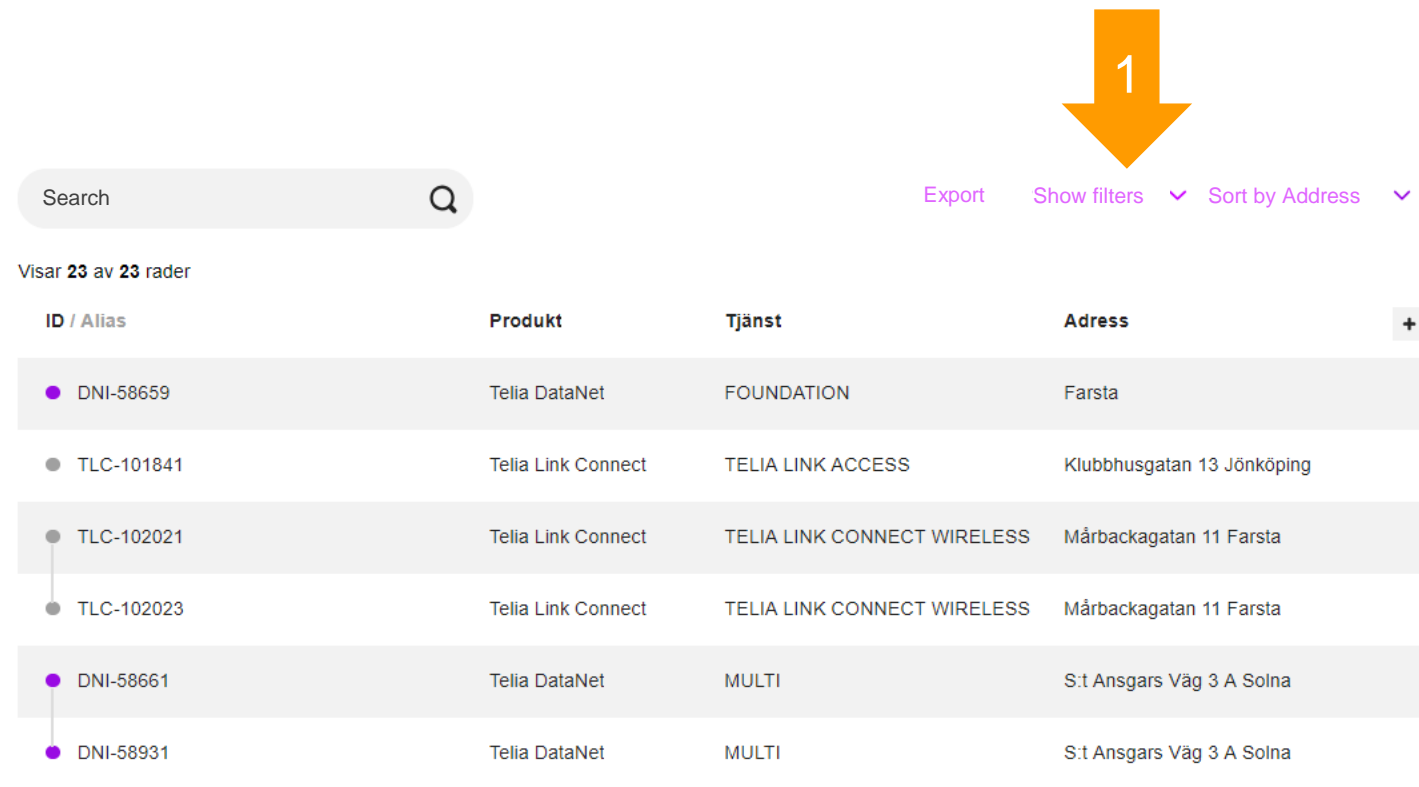

ID / Alias	Produkt	Tjänst	Adress
DNI-58659	Telia DataNet	FOUNDATION	Farsta
TLC-101841	Telia Link Connect	TELIA LINK ACCESS	Klubbhusgatan 13 Jönköping
TLC-102021	Telia Link Connect	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
TLC-102023	Telia Link Connect	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta
DNI-58661	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna
DNI-58931	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna

FILTER

Another way to find the information you need, is to use the MyBusiness filter function.

Click on **Show Filters (1)**.

Search Q

Export Show filters **1** Sort by Address

Visar 23 av 23 rader

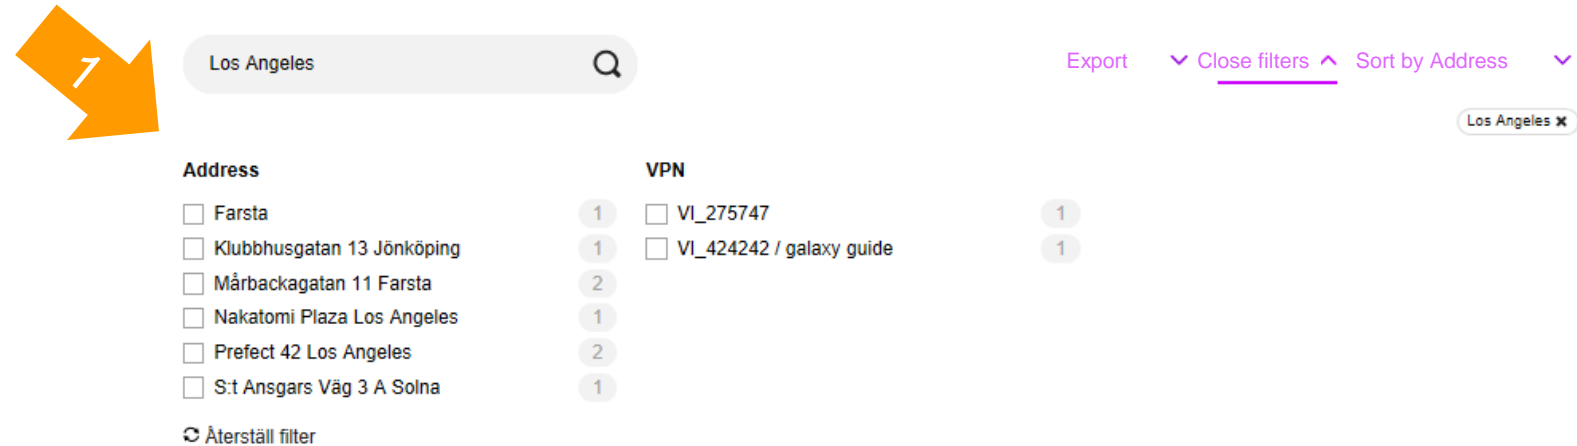

ID / Alias	Produkt	Tjänst	Adress	
<input checked="" type="radio"/> DNI-58659	Telia DataNet	FOUNDATION	Farsta	
<input type="radio"/> TLC-101841	Telia Link Connect	TELIA LINK ACCESS	Klubbusgatan 13 Jönköping	
<input type="radio"/> TLC-102021	Telia Link Connect	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta	
<input type="radio"/> TLC-102023	Telia Link Connect	TELIA LINK CONNECT WIRELESS	Mårbackagatan 11 Farsta	
<input checked="" type="radio"/> DNI-58661	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna	
<input checked="" type="radio"/> DNI-58931	Telia DataNet	MULTI	S:t Ansgars Väg 3 A Solna	

FILTER

Different options to filter information will then show up, for example by address (1).

If you have the service DataNet and multiple VPNs, you can also filter by VPN. Note that this only applies to VPNs that have subscriptions that are shown under filter.

The screenshot shows a search bar with 'Los Angeles' entered. Below the search bar, there are two columns of filterable items: 'Address' and 'VPN'. Each item has a checkbox and a count in a grey circle. The 'Address' column lists six items with counts 1, 1, 2, 1, 2, and 1. The 'VPN' column lists two items with counts 1 and 1. At the top right, there are links for 'Export', 'Close filters', and 'Sort by Address'. At the bottom left, there is a link to 'Återställ filter'. An orange arrow with the number '7' points to the search bar.

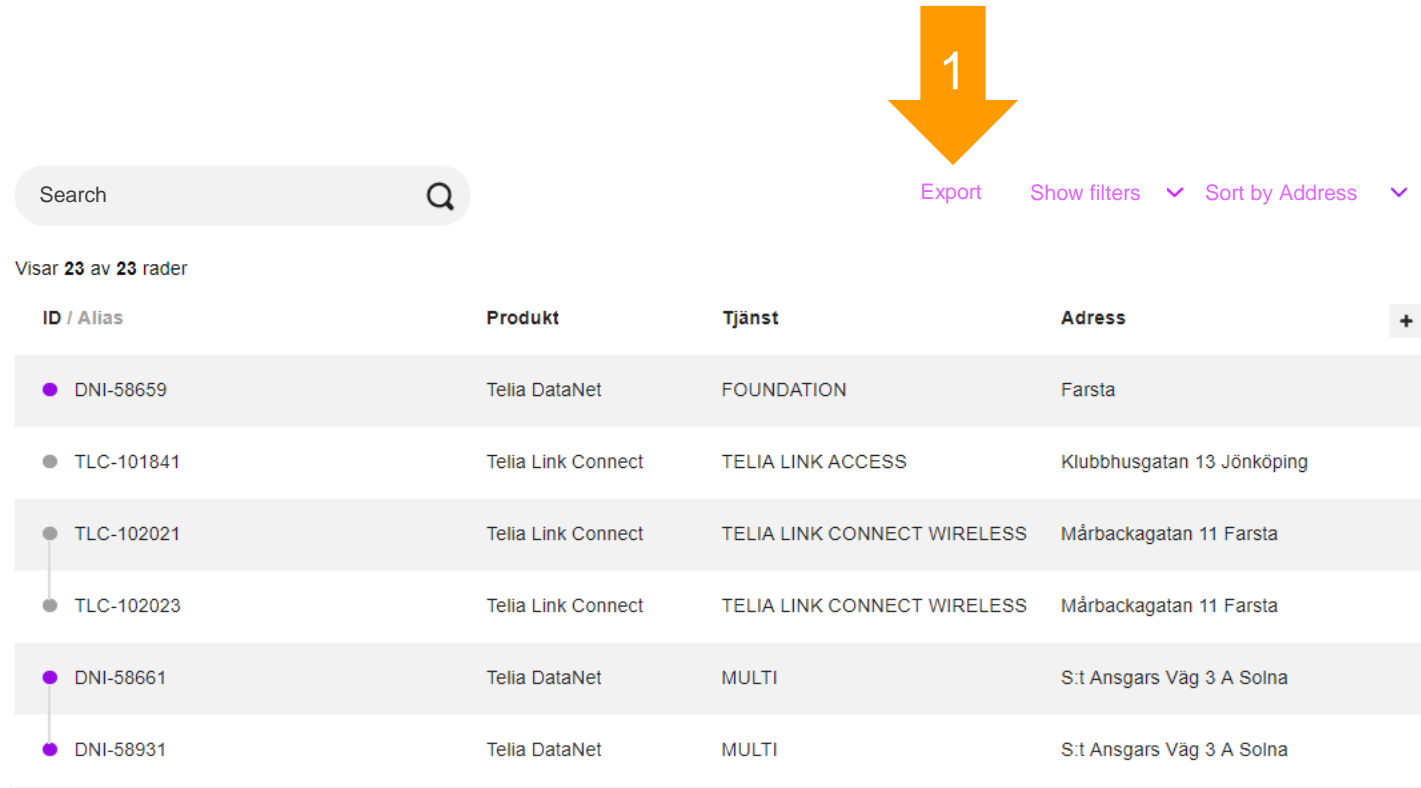

Address	Count	VPN	Count
<input type="checkbox"/> Farsta	1	<input type="checkbox"/> VI_275747	1
<input type="checkbox"/> Klubbhusgatan 13 Jönköping	1	<input type="checkbox"/> VI_424242 / galaxy guide	1
<input type="checkbox"/> Mårbackagatan 11 Farsta	2		
<input type="checkbox"/> Nakatomi Plaza Los Angeles	1		
<input type="checkbox"/> Prefect 42 Los Angeles	2		
<input type="checkbox"/> S:t Ansgars Väg 3 A Solna	1		

EXPORT

Finally, if you want an extract of your services, click **Export** (1), and you can export a list of your Datacom services.

Decide what format you want, either **excel** (.XLS) or a **comma separated value file** (.CSV) (2). Then open the document in your selected format, save it and start working with the list!

ADMINISTRATE VPN

VPN ADMINISTRATION

If you have the service **DataNet**, you will be able to manage VPN.

Click on **VPN Administration**(1).

The screenshot shows the DATACOM MyBusiness Manage interface. At the top, there are summary cards for 'In total 26', 'Deliveries 2 planned', and 'VPN Administration 2 services'. An orange arrow with the number '1' points to the 'VPN Administration' card. Below the summary cards is a search bar and navigation options. The main content is a table with 26 rows, showing details for various services including DataNet, Link Connect, and LAN services.

ID / Alias	Product	Service	Address
DNI-58659	Telia DataNet	FOUNDATION	Farsta
